

SOUTH EAST CENTRAL RAILWAY

ACCIDENT MANUAL

(FOR OFFICIAL USE ONLY)

2014
(Second Edition)

PREFACE

1. This manual set forth the rules, regulations and procedures for dealing with Accidents and should be read in conjunction with the General and Subsidiary Rules and other instructions issued from time to time. Nothing in these rules shall be read as cancelling, amending or modifying any of the General or Subsidiary Rules or Rules of other Manuals of this Railway.
2. This Manual is prepared for the guidance of all staff of S.E.C.Railway who deal or may have to deal with Accidents.
3. Railway servants dealing with accidents must possess a copy of this Manual and should be conversant with the portions concerned to their duties. They should also be conversant with the amendments made to this manual from time to time. The Addendum and Corrigendum should be entered serially in the space provided for this.
4. Extracts of various Acts of the Government of India have been given wherever necessary for reference only. However in case of any doubt or for detailed information, the original Act should be referred.
5. These rules apply throughout South East Central Railway to all its open lines, lines under construction and sidings whether Railway, Private or Assisted which are worked by this railway.
6. Though every care has been taken to print this book carefully, correction and omission if any may be brought to the notice of the undersigned.

August, 2014

Bilaspur

(B.K.Joshi)

Chief Operations Manager

Chapter - I		
GENERAL		
1.01	Instruction	1
1.02	Objectives, while dealing with an accident	1
1.03	Rendering of all possible assistance in the event of accident	1
Chapter - II		
DEFINITIONS & GENERAL INSTRUCTIONS		
A) Definitions		
2.01(a)	Train	2
2.01(b)	Passenger Train	2
2.01 (c)	Other Train	2
2.02	Accident	2
2.03	Serious Accident	2
2.04	Injuries	3
2.04 (i)	Grievous injuries	3
2.04 (ii)	Simple Injuries	3
2.05	Classification of Accidents	3
2.05.(1)	Train Accident	3
2.05 (2)	Yard Accidents	4
2.05 (3)	Indicative Accidents	4
2.05 (4)	Equipment Failures	5
2.05 (5)	Unusual Incidents	5
2.06	Sabotage	6
2.07	Train Wrecking	6
2.08	Attempted Train Wrecking	6
2.09	Commissioner of Railway Safety	6
2.10	Act	6
2.11	Threshold Value	6
2.12	Interruption	6
2.13	Railway property	6
2.14	Public Property	7
2.15	Slight Damage to Property	7
2.16	Damage to Property	7

2.17	Serious Damage to Property	7
2.18	Department	7
2.19	Engine Failure and Time Failure	7
	B. General Instructions	7
2.20	Scope of the Rules	7
2.21	Section 113 of the Railway Act, 1989	7
2.22	Distribution of the Accident Manual	8
2.23	Acquaintance with the Rules	8
2.24	Objectives	8
2.25	Resources of all Departments to be made available	8
2.26	Every Railway Official to render all Possible Assistance	9
2.27	Duty for Securing Safety	9

Chapter - III

CLASSIFICATION OF ACCIDENTS

3.01	Consequential Train Accidents	10
3.02	Indicative Accidents	12
3.03	Equipment Failure	13
3.04	Unusual Incidents	14

Chapter - IV

LIST OF DUTIES OF DIFFERENT OFFICIALS IN THE EVENT OF A SERIOUS ACCIDENT.

4.01	Duties of a Guard in the event of a serious accident	16
4.02	Duties of Loco Pilot and engine crew in the event of serious accident	17
4.03	Duties of an Assistant Loco Pilot in the event of a serious accident	17
4.04	Duties of STATION MASTER / DY.STATION MASTER/ ASSISTANT STATION MASTER in the event of an (serious) accident	17
4.05	Duties of all Railway staff traveling in passenger carrying train whether on duty or not	19
4.06	Duties of Section Controller	19
4.07	Duties of Deputy Chief Controller	20
4.08	Duties of the chief Controller	20
4.09	Duties of the officer-in-charge of the Divisional Control Office	20
4.10	Duties of Divisional Transportation Inspector	21
4.11	Duties of official-in-charge at the site	22

4.12	Duties of Divisional Safety Officer	23
4.13	Duties of Railway Medical Officer/ Medical Superintendent/ Divisional Medical Officer	23
4.14	Duties of Commercial Officer at site	24
4.15	Duties of Railway Officers of each Department in Divisional Head Quarters	24
4.16	Duties of official-in-charge at the station where the injured are being removed to the hospital	25
4.17	Duties of the Officer-in-charge of transshipment in case of serious accident	25
4.18	The Divisional Railway Manager	26
4.19	Duties of a Train conductor/Train superintendent in the event of a serious accident	26
4.20	Duties of a Coach Attendant	27
4.21	Duties of a Travelling Ticket Examiner (TTE)	27
4.22	Duties of A.C. Mechanic	27
4.23	The Senior most RPF Officer available will assume Control and immediately start the following action	27
4.24	Commercial Control	27
4.25	Diesel Power Controller / Traction Loco Controller	28
4.26	Traction Power Controller	29
4.27	Senior Divisional Operations Manager	29
4.28	Senior Divisional Mechanical Engineer	29
4.29	Senior Divisional Electrical Engineer	30
4.30	Senior Divisional Electrical Engineer (Traction Distribution)	30
4.31	Senior Divisional Electrical Engineer (Traction Operation / Traction Rolling Stock)	30
4.32	Senior Divisional Engineer(Civil)	30
4.33	Senior Divisional Signal and Telecommunication Engineer	31
4.34	Senior Divisional Security Commissioner (R.P.F.)	31
4.35	Commercial Inspectors / Commercial Officials	31
4.36	Engineering Staff	32
4.37	Mechanical / B.D. Staff	32
4.38	Signal and Telecommunication Staff	32
4.39	Electrical Staff	33
4.39.1	Power (General)	33
4.39.2	Over-Head Equipment	33
4.39.3	Loco Inspector	33
4.40	Security Staff	33
4.40.1	First Response	33
4.40.2	Reinforcement:	33

4.40.3	Equipment	33
4.40.4	Action at the Scene of Incident	34
4.41	Medical Staff	34
4.41.1	On Reaching The Accident Spot	35
4.42	Periodical Inspection of ART/ARME35	

Chapter - V

REPORTING OF ACCIDENTS

5.01	Reportable Train Accidents	36
5.02	Reporting of Accidents	36
5.02.1	To Zonal Railway	36
5.02.2	To Railway Board	37
5.02.3	To enable the Headquarters Office to advise Railway Board	38
5.03	Particulars to be given in the Accident Report	38
	Accident Format	38
	Annexure-"A" (Gate Particulars Manned/Unmanned)	39
	Annexure-"B" (Loco Pilots Particulars)	40
5.04	Fax Report to Railway Board	41
5.04.1	In case of accidents reportable to Railway Board	41
5.04.2	In case of landslides, breaches, OHE break down etc	41
5.04.3	Cases falling under N, P and Q, except Q 6	41
5.05	Reporting of Indicative Accidents	41
5.06	Reporting of Accidents at Unmanned Level Crossings	41
5.07	Serious Accidents to be Advised Promptly	42
5.08	Procedure for sending Accident Messages	42
5.08.1	To the State / Central Government	42
5.08.1.1	To Commissioner for Workmen's Compensation	42
5.08.1.2	To Chief Inspector of Explosives	42
5.08.1.3	To Military Authorities	43
5.08.1.4	To Postal Authorities	44
5.08.1.5	To State Government Officials	44
5.08.1.5.1	By Station Master to	44
5.08.1.5.2	By CHC (Coaching) to	44
5.08.1.6	By Divisional Officers	44
5.08.1.7	Advice to Other Railways by Zonal Headquarters	44
5.08.1.7.1	Advice to the Chambers of Commerce	45
5.09	Railway Employees to report Accidents	45

5.10	Method of reporting Accidents by Railway Employee	45
5.11	Station Master or Railway employee in-charge of the section to report Accidents	45
5.11.1	Reporting of Accidents by the quickest possible means	46
5.12	Station Master to advise Control	46
5.13	Noting down time of Accident	46
5.14	Preliminary Telephonic Report on Serious Accidents by an Officer	46
5.15	Reporting of Accidents attended with Injury or Loss of Life	47
5.16	Reporting of Accidents on Assisted and Private sidings	47
5.17	Reporting of Accidents at Joint Stations	47
5.18	Reporting of Accidents in Workshops coming under the Factories Act	47
5.19	Reporting of Accidents on Construction lines	47
5.20	Reporting of Serious Accidents to the Press	47
5.20.1	Advice to Press	48
5.20.2	Daily Bulletin to Stations if Communication is interrupted	48
5.21	Train Accident returns to be sent to the Railway Board	48
5.22	Preparation of Accident returns	49

Chapter - VI

PRESERVATION OF CLUES AND EVIDENCE AT ACCIDENT SITE, RECORDING OF MEASUREMENTS

6.01	STEPS TO BE TAKEN TO PRESERVE THE CLUES AND EVIDENCE AT ACCIDENT SITE	50
6.01.1	Action to be taken by Officer/Sr. Subordinate present at site	50
6.01.2	Action by Safety Team/ In-charge at Accident Site	50
6.02	Examination to certify fitness for movement of Locomotive and Rolling Stock of the Trains involved in Accident	53
6.02.1	Locomotives	53
6.02.2	Coaches	53
6.02.3	Wagons	53
6.03	The Sketch of the Site of Accident	53
6.04	Pro-forma to be filled up in case of Derailment	54
6.04.1	Pro-forma showing the detailed particulars in the case of Permanent Way during an Accident	55
6.04.2	Track Measurements	56
6.05	Locomotive (Diesel & Electric)	57
6.05.1	Pro-forma for measurement of Electric and Diesel	59

	Locomotives after Accident	
6.06	Measurement Table for Coach Involved in Accident	59
6.06.1	Measurement Table for Wagon Involved in Accident	61
6.07	Signal & Telecommunication	63
6.07.1	Signal and Telecommunication (Block)	64

Chapter - VII

RESCUE AND RELIEF MACHINERY

7.01	Long Range Electric Sirens	66
7.02	Accident Siren Code	66
7.02.1	Each siren is provided with	66
7.03	Stations where Accident Relief Trains are Located	67
7.03.1	Keys of Accident Relief Train	68
7.03.2	Starting of Accident Relief Train	69
7.03.3	Inspection of Accident Relief Train	69
7.03.4	Generating Plant	70
7.04	Accident Medical Relief Train & Medical Relief Equipment	70
7.04.1	The Policy regarding provision of different types of Accident Relief Medical Equipment as per IRPWM (Rule 703) is as follows	70
7.04.2	Scale II – Equipment	71
7.04.3	Portable Medical Kit for Accident (POMKA)	71
7.04.4	Special First Aid Boxes	71
7.04.5	First Aid Boxes	72
7.04.6	Maintenance of keys of MRT & Medical Equipment (as per Rule 704 RMM)	72
7.04.6.1	Scale-I Equipment	72
7.04.6.2	Scale-II Equipment	73
7.04.6.3	Auxiliary Van	73
7.04.6.4	First Aid Boxes	73
7.05	Stations where Medical Relief Equipment (Scale-I & Scale-II) are Located	73
7.05.1	Location and composition of Medical Relief Trains	73
7.05.2	Stabling and Maintenance of Medical Relief Trains	74
7.05.2.1	Entry in Tools and Plants Register	75
7.05.2.2	Inspection Book	75
7.05.3	The target time for turning out the Medical Relief Train is as under	75
7.05.4	Joint Inspection of Medical Relief Vans and Scale II Equipment	75
7.05.5	Inspection of Scale I and II Medical Equipment by Chief Medical Superintendent	76

7.05.6	Trial run of Medical Relief Train	76
7.05.7	Water drums in Medical Relief Vans	76
7.06	Joint Inspection of entire Accident Relief Machinery by Divisional Officers	77
7.07	Action to be taken by Divisional Medical Superintendent on receipt of information of an Accident requiring Medical Assistance	77
7.08	Action to be taken by Divisional Medical Officer, where no special Medical Relief Equipment is provided	77
7.08.1	Action to be taken by Divisional Medical Officer at a place where Scale II medical equipment is provided	77
7.08.2	Action to be taken by Station Master at a station where scale II Medical Equipment is provided but where there is no Divisional Medical Officer	77
7.09	Equipment considered necessary in all Accidents	78
7.10	Action to be taken by Divisional Medical Officer where MRT is provided	78
7.11	Responsibility of Divisional Medical Officer at an Accident spot	78
7.12	Standing instructions by Divisional Chief Medical Superintendent to Divisional Medical Officers	78
7.13	Responsibility of Divisional Medical Officer proceeding to the site of the Accident	79
7.14	Opening of Dressing Station and Temporary Hospitals	79
7.15	Medical Personnel to attend to the Injured	80
7.16	Divisional Medical Officer to replace articles in Medical Relief Equipment after use	80
7.17	Duty of Station Master, Control etc., when the accident is likely to require the services of Accident Relief Train, Accident Medical Relief Train, Crane Special etc.	80
7.18	Regular drills by staff with regard to action to be taken in case of an Accident	80
7.18.1	Guidelines for Mock Drill	81
7.19	Maintenance and replenishment of First Aid Boxes & Stretchers	82
7.19.1	Contents of First Aid Box (includes Guard's First Aid Boxes)	84
7.19.2	Contents of First Aid Box of Gangmen	85
7.19.3	Proforma for the report to be sent by Station Master	85
7.19.4	Register to be maintained in Health Unit showing the number of boxes available at various establishments	85
7.20	Stretchers	85
7.21	Maintenance of Accident Relief Machinery	86
7.22	Maintenance of equipment kept in accident relief machinery	86

7.23	Training of Man Power	87
7.24	Portable Emergency Control Phone	87
7.24.1	Provision of Portable Emergency Control Phone in Brake vans	87
7.24.2	Instructions for use of the Portable Emergency Control Phone on Emergency Communication socket in OHE area	88
7.24.2.1	On Electrified Sections	88
7.24.2.2	On non-Electrified Sections	88

Chapter - VIII

SCHEDULE OF POWERS, MEDIA MANAGEMENT AND COMPLIMENTARY PASSES

8.01	Facility for Non-Railway officials for reaching the site of Accident	89
8.01.1	Non-Railway Officials (Civil and Police) to be given facility to proceed to site of serious Accident	89
8.02	Schedule of Powers of Officers to requisition for Helicopter / Aero planes to reach the site in case of Serious Accident	89
8.03	Medical Aid to the Persons Grievously Hurt in Accident	90
8.04	Media Management at Site	92
8.04.1	Duties of CPRO / PRO	92
8.04.2	Objectives of Media Management Plan	92
8.04.3	Media needs	93
8.04.4	Advice to the Press	93
8.05	Accommodation of the relatives of the deceased	94
8.06	Complimentary Passes: (Board's Letter No. E (G)/ 58/PS. 5-6/1 Dated 25-8-58)	94

Chapter - IX

X-GRATIA PAYMENTS

9.01	Relief to Passengers involved in Train Accidents	95
9.02	Compensation for Death / Injury in Train Accident or Untoward incident	97
9.03	Compensation	97
9.03.1	Scale of compensation	97
9.03.2	Who can Claim	97
9.03.3	Procedure for Filing Application	97
	SPECIMEN APPLICATION FORM	

Chapter - X
INVESTIGATION AND INQUIRIES

10.01	Investigation on the spot	101
10.01.1	Staff alleged to be guilty of offences which	101
10.01.2	In case of a Loco Pilot passing	101
10.01.3	Usual procedure regarding suspension	101
10.02	Information to be collected on the spot to facilitate Inquiry Committee to arrive at the cause of the Accident	101
10.02.1	Loco Pilot passing Signal at Danger	101
10.02.2	Collision and Averted Collision	102
10.02.3	Derailments	102
10.02.4	Accident at Manned Level Crossing	102
10.02.5	Accident at Unmanned Level Crossing	102
10.03	Object of Accident Inquiry	103
10.04	Classification of Accident Inquiries	103
10.04.1	The Judicial Commission or Commission of Inquiry	103
10.04.2	Commissioner of Railway Safety Inquiry	103
10.04.3	Magisterial Inquiry	104
10.04.4	Police Inquiry	104
10.04.5	Joint inquiry	104
10.04.6	Inter Departmental Inquiry	104
10.04.7	Departmental Inquiries	104
10.05	Ordering of Inquiries	104
10.06	Minimum Level of Inquiry	105
10.07	Schedule for completion of Accident Inquiry	106
10.08	Acceptance of responsibility by Departments concerned	106
10.09	Special Report	106
10.10	Commencing of Joint and Inter-departmental Inquiries	107
10.11	Method of conducting Joint / Inter Departmental Inquiries	107
10.12	Composition of Inquiry Committee	108
10.13	President of Inquiry Committee	108
10.14	Officers' duties in connection with Inquiry	108
10.15	Failure to attend Inquiry	109
10.16	Postponing of an Inquiry	109
10.17	Guidelines for the members of Inquiry Committee	109
10.18	Proceedings of Joint or Inter-departmental Inquiries	109
10.19	Description of the Accident	110

10.20	Recording of Evidence	110
10.21	Findings	111
10.22	Remarks and Reasons for Findings	111
10.23	Suggestions	112
10.24	Matters Brought to Light during the Inquiry	112
10.25	Signing of Joint or Inter-Departmental Inquiry Proceedings	112
10.26	Inquiries into Accidents at Joint stations	112
10.27	Particulars to be furnished in the Special Report or Inquiry Report	113
10.27.1	Accidents in which the question of signalling is particularly involved	113
10.27.2	Cases of Loco Pilots passing signals at 'ON' and where the adequacy or the efficiency of the brake power is in question	114
10.27.3	Parting of Trains resulting from the Breakage of Coupling Gear	114
10.27.4	Cases of Rail Fractures on Main or Running Line	114
10.27.5	Cases of Fractures of Axles of Engines / Vehicles	114
10.27.6	Accidents attributable to Breakage of Journals of Vehicles etc	115
10.27.7	Public Knocked down or Run over by Trains or Vehicles	115
10.27.8	Terminal stations - Train running into buffer end	115
10.28	Report of inquiry to the Head of the Railway Administration	116
10.29	Acceptance of Findings	117
10.30	Reports of inquiries to Commissioner of Railway Safety	117
10.31	Submission of Inquiry Reports	117
10.32	Metallurgical and Chemical investigation of Fractured Rails, broken parts of Rolling Stock or other Equipment	118
10.33	Norms of Punishments to be imposed	118
10.34	Magisterial Inquiry	118
10.34.1	Notice of Magisterial Inquiry	119
10.35	Judicial Inquiry	119
10.36	The result of Magisterial inquiry to be communicated to the Head of the Railway Administration and CRS	119
10.37	Procedure for summoning the Commissioner of Railway safety and Railway servants to assist the Magistrate holding Judicial Inquiry	119
10.38	Communication of the decision of Judicial Inquiry to the Railway Administration, Commissioner of Railway safety and the State Government	120
10.39	Police Investigation	120
10.39.1	Railway Police to report every Accident	120
10.39.2	Status of Police Officer investigating the accident	120

10.40	Notice of Police Investigation	121
10.41	Assistance of the District Police	121
10.42	Communication of the result of Police investigation	121
10.43	District Police to discharge duties of Railway Police	121
10.44	Preservation of Accident Records	121

Chapter - XI

COMMISSIONER OF RAILWAY SAFETY

11.01	All concerned' telephonic message to the Commissioner of Railway Safety	122
11.02	Telephonic advice to the Commissioner of Railway Safety	122
11.03	Accidents to be reported to the Commissioner of Railway Safety by Post	122
11.04	Non- Reporting of accidents to the Commissioner of Railway Safety	122
11.05	Statement of accidents to the Commissioner of Railway Safety	123
11.06	Statutory investigation into Railway Accidents - under Section 122 of the Railways Act, 1989 (24 Of 1989): Inquiry into a serious accident by the Commissioner of Railway Safety	123
11.07	Attendance of Railway employees to attend Inquiries	124
11.08	Officers to assist Commissioner of Railway Safety	124
11.09	A brief Preliminary Narrative Report	125
11.10	Final Report	125
11.11	Action on the report by Railway Administration	125
11.12	Railway's Remarks on the Suggestions	126
11.13	Publication of Reports	126
11.14	District Magistrate to attend CRS inquiry	126
11.15	District Superintendent of Police to attend CRS inquiry	126
11.16	Technical matters	126
11.17	Powers of the Commissioner of Railway Safety	126
11.18	Target dates for submission of returns	127
11.19	Target for completion of CRS Inquiries	127

Chapter - XII

UNUSUAL OCCURRENCES

12.01	Unsafe Bunds of Tanks or Rivers	128
12.02	Injured or Dead persons found on or near the Railway Track	128
12.03	Person Fallen from Train	129
12.04	Carriage windows or doors involved	130
12.05	Defective running of Locomotives	131
12.06	Persons found Dead in Trains or at Stations	131

12.07	Murder on Running Train	131
12.08	Care of Dead Bodies	131
12.09	Material Fouling the Track	132
12.10	Precautions against Derailment	132
12.11	Dangerous Practices	132
12.12	Reporting Fire	132

Chapter - XIII

PROCEDURE FOR DEALING WITH CASES OF SABOTAGE OR TRAIN WRECKING

13.01	General	133
13.02	Explosion on Track or Train	133
13.03	Duties of Guard, Engine crew and other Railway staff when a derailment or any other serious consequences take place to the train due to suspected train wrecking or sabotage	134
13.04	Information to the Civil and Police Authorities	134
13.05	Precautions by Engineering Supervisors	134
13.06	Duties of Officers and other Supervisory Officials	134
13.07	Duties of Railway Protection Force Officials	134
13.07.1	On arrival at the spot, the RPF will discharge the following duties	135
13.08	Police Clearance	135
13.09	Joint Examination by Civil, Police and Railway Officials	135
13.10	Removal and examination of Rolling Stock	136
13.10.1	Removal of not-Damaged Rolling Stock	136
13.10.2	Removal and examination of Damaged Rolling Stock	136
13.11	Preparation of Notes and Drawings	136
13.12	Restoration of Communications	136
13.13	Preparation of Plan for Inquiry	137
13.14	Preservation of Notes and Sketches	137
13.15	Association of Security Officer	137

Chapter - XIV

DISASTER MANAGEMENT

14.01	Disaster Management ACT (2005)	138
14.02	Definition of Disaster	138
14.03	Types of Disasters	138
14.04	Authority to declare a Disaster in Railways	139
14.05	NDMA (National Disaster Management Authority)	139

14.06	NDRF (National Disaster Response Force)	140
14.07	Disaster Management Plan	141
14.08	Nodal Department for Compilation, updating and review of Disaster Management Plans	142
14.09	Handling of a Disaster	142
14.10	Disaster Preparedness	142
14.11	Management of Disaster	142
14.12	CRISIS MANAGEMENT	143
14.12.1	Definition	143
14.12.2	Difference between a Crisis and Disaster	143
14.12.3	Types of Crisis	144
14.12.4	Drill for handling Crisis	144
	Important Contact Numbers - Railways	145
	Important Phone NO. o& Nodal Railway Officers	
	Important Contact Numbers, Govt. of Chhattisgarh, Madhya Pradesh, Orissa, Maharashtra	
	Important contact numbers of civil authorities	
	Phone no. of Private as well Govt. health unit	
	Phone no. of Railway Board	

APPENDIX

Appendix Subject	PageNo.
I Inspection schedule of ART & ARME	156
II First Aid	158
III Extract from the Railways Act, 1989	168
IV Weather Warning - Cyclone Warnings	177
V Specimen Forms for Submission of Accident Enquiry Reports	182
VI To seek the help of NDRF in case of serious railway accident, the requisition is to be made either from the division or from the zonal headquarter in the format given	205
VII Jurisdiction and HQs of Railway Protection Force of SECR	208
Jurisdiction and HQs of Govt. Railway Police officials	210
VIII Register of Addendum and Corrigendum	212
