No.TC-I/2020/302/NWR

New Delhi, dt. 17.06.2020

General Manager
 All Zonal Railways

Sub: **Lift On Lift Off at Group-I & II CRTs**

Ref: Corrigendum 8 to Rates Master Circular/CRT-CCR-Hub&Spoke/2015/0

Please refer to Board's circular under reference vide which guidelines regarding Container Rail Terminal(CRT) at Group-I & II goods sheds/stations have been prescribed by modifying Para 4.4 of Chapter-I of Rates Master Circular/CRT-CCR-Hub&Spoke/2015/0.

The matter has been reviewed and it has been decided to modify the guidelines regarding Lift on Lift off operation at Group-I & II goods sheds/stations given in sub-para (b) of Para 4.4 of Chapter-I of Rates Master Circular/CRT-CCR-Hub&Spoke/2015/0, as given below-

Extant guidelines	Revised Guidelines
4.4 (a) Container Rail Terminal at Group-I & II goods sheds/stations for Chassis stuffing/de-stuffing operation: Stations and goods sheds notified in Group-I & II in terms of Wharfage rule may also be considered for notification as CRT. Chassis stuffing/de-stuffing operation may be permitted at all Group-I & II railway terminals, unless and otherwise notified to the contrary by PCOM of Zonal Railways due to operational constraints. Zonal Railways may allow such chassis stuffing/destuffing operation of container rakes at such stations and goods sheds only if it does not affect the Railway's operation of loading/unloading of its own stock.	4.4 (a) No Change.
(b) Container Rail Terminal at Group-I & II goods sheds/stations for Lift on-Lift off: Lift On-Lift Off may also be permitted at Group-I & II terminals, if multiple handling lines are available and wherever feasible, subject to the condition that traffic dealt at such terminal does not exceed seven rakes per handling line per month. Lift On-Lift Off operation may be permitted at those terminals on joint recommendation of PCOM & PCCM and with the approval of GM.	(b) Container Rail Terminal at Group-I & II goods sheds/stations for Lift on-Lift off: Lift On-Lift Off(LO-LO) operation may also be permitted at Group-I & II terminals by PCCMs in consultation with PCOMs duly taking into account the existing pattern of traffic at such terminal, possible effect on the detention of railway owned wagons and the future possibility of diverting traffic from road to rail.

 17/06/2020

(c) Zonal Railway in their notification for CRT should clearly indicate whether Lift On-Lift Off operation or Chassis Stuffing/De-stuffing or both is permitted at such CRT. While giving permission for CRT, it may be kept in view that required infrastructure is available at such station/goods shed for handling container traffic.

(c) No Change.

The guidelines regarding LO-LO at CRT will be applicable from 18.06.2020 and will remain valid for a period six months i.e. upto 17.12.2020.

This issues in consultation with Traffic Transportation Dte. and with the concurrence of Finance Dte. of Ministry of Railways.
