As per the Disaster Management Act, various Ministries and departments under Government of India should join hands for mutual assistance in case of a disaster. Assistance from local government and non-government agencies is invariably required by the railway administration for prompt relief and rescue operation in case of disaster affecting railways and, therefore, assistance of NDRF could be of great help to the railways. The rail infrastructure is not in an island away from the civil areas (of the Districts/States). In most cases of a disaster, other than a train accident, the State Government as well as Railway would, therefore, requisition the NDRF simultaneously (for the same disaster). Coordination amongst the affected agencies (many departments of the Central Government and the States) is very important before the help of NDRF is required.

### **Coordination with NDRF**

Railways should get in touch with NDRF offices at the nearby locations to have the first-hand knowledge of the resource available with them and also to familiarize them with railways related disaster situations and expose them to the issues relevant to the rescue and relief of passenger during railway accident. It has also been advised to associate NDRF in full scale exercise that is held once every year. There are no charges for availing the services of NDRF except the rail transportation which railways may provide at their cost for attending to rail disasters. Railway may also have to provide rail transportation logistics for transporting NDRF even in case of non-railway exigencies.

The Railway Board had earlier empowered DRMs to directly requisition the relevant NDRF battalion for relief and rescue operations depending on the gravity of situation so that their services could be made available expeditiously without any loss of time. However, in the cabinet meeting held on 22<sup>nd</sup> October 2009, the National Policy on the Disaster Management has been approved. This Policy lays down modalities for the requisitioning of NDRF as under: -

The general superintendence, direction and control of this force shall be vested in and exercised by the NDMA and the command and supervision of the force shall vest in an officer to be appointed by the Central Government as the Director General of Civil Defense and National Disaster Response Force. Board's policy directions give to the Zonal Railways that the DRMs can directly approach for requisitioning the services of the NDRF now stand revised. The need for the services of the NDRF shall be communicated in a centralized manner by the Zonal Railways through the NDMA only.

Sub: Request for deputing NDRF personnel for relief and rescue operations.

Dear Sir,

There has been a serious accident on SECR Railway over Nagpur division on \_\_\_\_\_ station in \_\_\_\_\_ section at \_\_\_\_\_ hrs. on \_\_\_\_\_.

From the information received till now, it appears that the accident is of a serious nature and could lead to large number of casualties. Although, Railways are making all efforts to take up relief and rescue operations, it is felt that the participation of NDRF personnel could be of great help in speeding up the process and reducing casualties.
