No. CSO/Safety/Safety Circular/163/428

Date: 05.05.2020

Zonal Safety Circular No. 01/2020

Sub.: Issue of Caution Order in Emergency (unplanned)

From Safety aspect, process of issue of Caution order in Emergency (unplanned) is very sensitive.

In event of emergency situation like Rail fracture, tree fallen (in block section) or similar circumstance calling for imposition of speed restriction, action has to be taken by Station masters of adjoining stations, Section controller and Station master of Notice station as explained below.

1. If any information warranting issue of a Caution Order is received by any station, the Station Master of such a Station shall immediately advise the adjoining block station for issue of Caution Order under exchange of Private Numbers. Only then, he shall acknowledge the advice from the Railway official imposing Caution Order. The Station Master shall also inform to section controller (SCR) and Notice station of such condition under exchange of Private Number.
2. The Section Controller (SCR) shall in turn issue control order to the station master of adjoining station controlling entry to block section indicating the train number which are on run between notice station and such block station so that proper caution order can be issued to these trains by Station Master of that station.
3. The Station Master of adjoining station who receives the information first shall take action to prevent entry of a train in the affected block section. Train will be allowed only after issue of necessary caution order. Run through trains shall be stopped out of course for issue of Caution order till such time it has been ensured that a caution order has been issued by the Notice Station concerned.
4. On receipt of information, the Station Master of the Notice station shall allow train to pass through the affected block section only after issue of fresh caution order. He shall also advise the station master of the station in rear of the site of restriction of the particulars of the first train to which the Caution Order has been issued.

5. List of Notice stations on SECR is given below:

Sl No.	Bilaspur Division	Raipur Division	Nagpur Division
